Put a Red Cross Seal on every letter and package you mail between now and Christmas.

Sheriff Roark and four United States government officers spent some time in the upper part of Pickens county last week in search of Wood Zachary, who is suspected of shooting Officer Anderson Galloway and another man who was with him about three weeks ago, but they failed to find him. The sentence was such that it could have been served either on the public works of the county or in the penitentiary, and the county supervisor, having supervision over such cases, thought Mr. Hendricks was needed on the public works of this county.
